

Hangaren

Technical Specifications

Albyvägen 38, 145 59 Norsborg

Description

With its impressive 2150 sqm open space, Hangaren is our largest studio. The former timber warehouse, beautifully situated next to the shores of Albysjön, has been renovated and rebuilt to suit various types of events and activities. Hangaren can be used in its entirety or divided, which provides for flexible solutions.

In direct connection to Hangaren is the Production House, which with its 16 lodges, reception, production office, meeting room, kitchen and laundry room functions as a service house and backstage area to Hangaren.
